asahu3324@gmail.com | 6376386199 |  github.com/adityaraj3324 |  linkedin.com/in/aditya-sahu3324

SUMMARY

Motivated B.Tech CSE student with strong skills in Java, SQL, and backend development. Experienced in designing and implementing Salesforce Components. Well-versed in core programming concepts, DSA, and problem-solving. Eager to contribute as a Backend Engineering Trainee and continue advancing expertise in backend technologies.

EXPERIENCE

RANOSYS | SALESFORCE INTERN

January 2026 – Present | Jaipur, Rajasthan

- Configured Salesforce using Flows, Lightning customization, and Reports to automate and streamline business processes.
- Developed bulk-safe Apex triggers and classes using SOQL and DML to maintain data integrity and system performance.
- Gained exposure to Salesforce Commerce Cloud, supporting JavaScript-based e-commerce customization and enhancements.

CELEBAL TECHNOLOGIES (SQL TRAINING) | INTERN

Jun 2025 – Aug 2025 | Jaipur, Rajasthan

- Completed hands-on training in SQL, focusing on database design, joins, triggers, and performance optimization.
- Applied SQL queries to real-world business datasets, improving query execution efficiency.

PROJECTS

NOSTALGIA-NET: DIGITAL TIME CAPSULE PLATFORM (NOSQL, JAVASCRIPT)

- A web platform designed to store and revisit digital memories over time. Developed using NoSQL, and JavaScript, integrating a secure backend with a user-friendly interface.
- Utilized Cloudflare Workers and KV storage for fast, scalable performance.
- Optimized database queries and API responses for faster load times.

EMPLOYEE MANAGEMENT SYSTEM (SPRING BOOT, MYSQL, JAVA, HTML/CSS)

- Designed a platform with features to add, modify, and delete employee details.
- Built scalable backend using Spring Boot and REST APIs, integrated with MySQL database.

RESUME BUILDER ANDROID APPLICATION (JAVA, ANDROID STUDIO)

- Developed a Resume Builder App featuring dynamic UI and local data persistence.
- Designed intuitive forms with real-time previews, showcasing end-to-end application design and user-focused experience.
- Link - https://github.com/adityaraj3324/Android_Studio/tree/main/ResumeBuilderApp

TECHNICAL SKILLS

- Languages & Frameworks:** Java, SQL, HTML, CSS, JavaScript (ES6+), Apex, Lightning Experience, Flows
- Databases & Tools:** MySQL, SOQL, Git, GitHub, Android Studio, Eclipse
- Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS

SOFT SKILLS

- Problem-Solving, Teamwork, Communication, Time Management, Adaptability

EDUCATION

Poornima Institute of Engineering and Technology

2022 - 2026 | Jaipur, Rajasthan

B.TECH in Computer Science and Engineering(pursuing) | Cum. GPA: 7.44 / 10.0

International Pub. SSS

2021 - 2022 | Jaipur, Rajasthan

Senior Secondary (Class XII, RBSE) | Percentage: 81.2%

Sand Dunes Aca SR SS

2019 - 2020 | Jaipur, Rajasthan

Secondary (Class X, RBSE) | Percentage: 89.67%

CERTIFICATIONS

- Internship Certification – Celebal Technologies (SQL, 2025)
- Internship Certification – Zeetron Networks Pvt. Ltd (Python, 2023)
- NPTEL certified for Programming in Java
- NPTEL certified for Programming in Modern C++
- NPTEL certified for Introduction to Programming in C

HACKATHONS AND WORKSHOPS

- Smart India Hackathon (SIH) – Participated in 2023 and 2024 editions.
- Poornima Hackathon 2023 – Organized by PIET AICTE IDEA LAB & PIET, Jaipur.
- MSME IDEA Hackathon 4.0 (2024) – Under Ministry of MSME, Poornima University, Jaipur.
- G20 Project Exhibition – Innovation & Entrepreneurship event under PIET G20 Summit (2023).
- AADHAR-XII Project Exhibition – Poornima College of Engineering (2024).
